

Assignment Two Report

PART1

I have been unable to figure the mistake but my training and testing error is not showing any improvement. I tried various models but all of them gave similar results. I sought out help from friends and TAs but I haven't been able to figure out mistake. However I am still sharing all the models that I tried.

Code: Available in zip on moodle (All the models tried are in other models folder)

ModelFile :

<https://drive.google.com/drive/folders/0ByvBk7HENknERksxZzhqREF4OFk?usp=sharing>

Output: Available in zip on moodle

PART2

Partially Done

1. Wrote gru.py (Available in zip on moodle)
2. Could write only Partial code for training
